Education

Brown University, *B.S. Applied Mathematics-Computer Science*

Providence, RI

- **GPA:** 3.9/4.0

Expected May 2027

- **Relevant Coursework:** Data Structures & Algorithms, Computer Vision, Deep Learning, Operating Systems, Statistical Inference I/II, Computer Graphics, Business Analytics and Information Systems

Experience

Business Technology Solutions Intern

New York City

ZS Associates

June 2026 - August 2026

- Translated stakeholder requirements into process flows and technical specifications for a global MedTech client's Salesforce CRM implementation
- Built high-fidelity UI prototypes directly from process maps and stakeholder meetings, reducing development friction and accelerating engineering sign-off
- Owned the CRM configuration tool end-to-end, building a TypeScript/Node.js SharePoint Framework app that consolidated cross-team design decisions and resolved UX inconsistencies before build

Business Analyst Intern

Remote, NYC

Sunny Bates Associates

June 2025 - August 2025

- Analyzed usage data to identify critical pain points in SaaS platform Clay.earth's 41,000+ contact database
- Independently scoped and built a beta feature for advanced contact filtering that reduced contacts by 50%
- Designed and delivered a 'Contact Confidence Score' scoring algorithm to improve client outreach efficiency

Web & Digital Assistant

Providence, RI

Brown Office of Communications

Sept 2024 - Present

- Own content migration and site builds through Drupal CMS across department websites, optimizing navigation and accessibility
- Independently evaluated 10+ websites, identifying UX issues and proposing redesigns

Leadership & Project Experience

Mobile App Developer Co-Lead & Advisor

Remote, RI

Utmost Atmos

Jan 2025 - May 2026

- Co-led a team of student developers building and deploying a mobile app end-to-end, running weekly sprints and owning technical decisions with incomplete requirements
- Owned UI/UX in Figma, translating ambiguous product goals into user flows and polished interface designs
- Built responsive interfaces in React and TypeScript, shipping production-ready features for App Store launch

Team Lead & UX Researcher

Providence, RI

Full Stack @ Brown

Jan 2025 - May 2026

- Led a team of 3, owning end-to-end UX research to identify pain points for the Outdoor Leadership and Environmental Education Program (OLEEP)
- Directed wireframe design in Figma, translating feedback into improved architecture and accessibility
- Contributed to iterative feature implementation in an Agile development environment

Technical Skills

- **Programming:** Python, Java, JavaScript, TypeScript, SQL, Web Scraping, Data Processing
- **Frameworks & Libraries:** React, Next.js, Node.js, SharePoint Framework, PyTorch, TensorFlow, NumPy, Pandas, OpenCV
- **Tools & Platforms:** Git, Figma, Adobe Photoshop, LaTeX, Visio, JIRA, Confluence
